TRUSTED PARTNERS

The Guardian Florida partnership has seven offices that efficiently serve the entire state and select areas of southern Alabama. Each office is led by a local president/owner, enabling them to be sensitive to local market conditions and to respond quickly as they change.

Keeping leadership close to the customer means efficient communication, without the interference so often created by corporate red tape.

The Guardian Florida provides pharmaceuticals and pharmaceutical services to assisted living facilities, hospice programs and other group facilities.

They create value by combining local ownership with the strength of national support services.
